Since 1986

May 2001  
Sun Flyer

WWW.DMGI.CC

We are very pleased that May of 2001 will mark 15-Years in business for Delta Marketing Group, Inc. Founded in May 1986, we operated dba Delta Marketing Group, until 1993 when we incorporated in the State of Arizona. Over the past 15-Years we have sold refurbished computers from many manufacturers including Wang and IBM, but we are now focused on products from Sun, SGI, Agfa, Heidelberg, and Screen. Our product mix is currently about 85% Sun and 15% for SGI, Agfa, and Heidelberg. The

computer industry and technology is constantly changing. As technology and the computer industry continues to change, we will continue to grow and change along with it..

We know that a satisfied customer is our most important asset, and we are pleased that over the past 15-Years the majority of our business has come from repeat customers. We would like to thank all of our customers for their business. If you have yet to give us a try, we look forward to the opportunity to make you one of our many satisfied customers as well.

We had tee shirts printed to commemorate the occasion. The shirts will be shipping with any new orders. Plus, we would be happy to send you a shirt even if you do not purchase anything. If you would like a shirt, just e-mail your address and the size you want, (XL, L, or M), and we will send one to you. You may e-mail us at [dmg@home.com](mailto:dmg@home.com)

Thanks Again!
